#### **Important notice for all Challenge 88 route riders (short course)**

- This event has timed road closures throughout the course, and great care has been taken in planning for a safe and smooth-running event. All short course riders will start in the last start waves in Peebles, meaning even the fastest '88' riders will arrive at the Gordon Arms route split after the fastest long course riders have passed this point. Short course riders are not permitted onto the road before the lead vehicles and the leading long course riders have passed the Gordon Arms. This is very important for safety reasons and ensuring no riders can be on the road before closures are in place. In the case of an incident or delay on the long course, short course riders will be held at the Gordon Arms accordingly. If for any reason a short course rider arrives at the Gordon Arms before the long course riders, and wishes to carry on without waiting for lead vehicles and long course riders, they will have number boards removed and will be made aware that they are riding at their own risk, on open roads.

#### **Number boards**

- Every rider will get a number board. Number boards must be fixed on the handlebars and must be readable throughout the event. Cable ties will be provided to do so. Please fill in the information on the back of your board.

#### **Feed stations**

- Feed and water stations will be available along the course, but all riders are responsible to supply sufficient food to complete the ride.

#### **Bikes, safety, courtesy, common sense**

- Signage will be in place along the entire course, but riders are always responsible for their own safety.
